

Teamcenter Login Issue (Inactive User)

Important Points user should follow:

1. User should have active Teamcenter access, User can check that in AGT portal.

AGT Portal Link: <https://agt.fcagroup.com/>

2. Once the user got the access should login into Teamcenter the same day or at least that week before Sunday, if login was not done in specified period, The access will be revoked.

3. If the user not able to login Teamcenter raise a DriveIT ticket with following details

i) Screen Shot of AGT project approved page.

ii) AGT request number.
