Teamcenter Access Guide

STELLANTIS

Three Step Process

- **STEP 1**
  - Complete online training (2 required courses):
    - ▸ Access the training by following the links here: FCACourseAccess
      □ Use your LDAP (Mainframe) ID and password for access
    - ▸ For Teamcenter 14.x, an assessment score of 80% or higher is required.
      □ Stellantis Teamcenter 14.x for New Users - Self-Paced
    - ▸ For Teamcenter Security, an assessment score of 100% is required.
      □ Teamcenter Security

- **STEP 2**
  - User submits access request in AGT: Web Access Grant Tool
    - ▸ A specific project is required (Default S&C access cannot be processed in the system and will be rejected).
    - ▸ Up to 10 projects may be on a single request.
      □ Click "+Add Project" to add a place for each request.

    - ▸ Help with Frequently Asked Questions is available here:
      Teamcenter Security FAQs
    - ▸ Do not request a role. AGT roles are not provided to users.

- **STEP 3**
  - Installation
    - ▸ Azure Virtual Desktop (AVD)/Remote Desktop comes with Teamcenter/NX/Vis Base & Professional installed.

      □ **Note:**
      i. For AVD access, users can send mail to natcavdsupport@stellantis.com/raise Drive IT Request.
      ii. If user needs Vis Mockup access then he needs to raise Drive IT Request with justification.
